Gather information about your high school years:

- Volunteer work
- School clubs and activities
- Sports and activities outside of school
- Awards earned for academics, sports, or other activities
- Names of one or two people, including a high school teacher/coach, who is willing provide a reference for you. Some donors may also ask for an elementary school teacher.

Inform your referees that they will receive a short questionnaire by email. They do NOT need to write a letter.

Not all applications require references, but have this information ready just in case!

Complete the FAFSA

<https://www.studentaid.gov/h/apply-for-aid/fafsa>

FAFSA Application

Although the FAFSA is NOT required for Chandler Education Foundation (CEF) scholarships, your application will not be considered by donors who ask for financial need information without it. The FAFSA provides a confidential and consistent way for CEF to evaluate financial need for all applicants.

Additionally, many colleges require FAFSA completion as part of the application process. Even if you don't qualify for student aid, you may qualify for grants!

Need Help? Your school College & Career Specialist has information about completing the FAFSA. Additional resources are available at <https://bit.ly/FAFSA-handbook>.

Once finished, the Foundant platform will allow you to see your application status.

A panel of CEF volunteers will assist the donors with evaluating the scholarship applications. You should expect to receive an update by mid-April. You will receive notification via the email address used when you registered for the platform.
